Chris

Please add this to the record.

Thanks

Tony

> My name is Zach Andreucci and I live at 1836 E Rusk Avenue within your district. Unfortunately, I will be unable to attend the Bay View Town Hall meeting in reference to Bay View Green spaces this evening. I just wanted to write you to inform you of my opinion as I was told you would then be able to share my comments with the right people in the city.

>

> I would like to see the green spaces we have in the area remain green and/or to have a public amenity added (I would especially like to see more trees in these spaces). These green spaces provide a much needed connection to nature within our city. This enables residents to really relax and enjoy the atmosphere provided by such green spaces. So often cities swallow up these spaces and then the neighborhood loses the natural resource that was once readily available to them. The public amenities that could be included in this space would be a huge advantage to all of our local residents and I am sure would be very appreciated.

> I am all for seeing Bay View continue to grow. But I must say, one of the attractions that drew me to this side of the city was the green space that was available. There is a special value that isn't always fiscally tangible in regards to these spaces, but that definitely resonates throughout the area. Please protect and expand upon these invaluable green spaces and help continue to foster the wonderful type neighborhood that Bay View is.
