Project/Program Title: 2016 FY AFG Grant – Air System ImprovementsGrantor Agency: Department of Homeland Security – FEMAGrant Application Date: November 18, 2016Anticipated Award Date: July 28, 2017

1. Description of Grant Project/Program (Include Target Locations and Populations):

The purpose of the AFG program is to award grants to fire departments to enhance their ability to protect the health and safety of the public as well as of first responders. Replacing out of compliance air handling systems with new systems will provide a healthier environment and lessen our firefighter's exposure to cancer causing carcinogens thus improving and extending their capacity to protect every resident in the City of Milwaukee. These improvements will bring the affected stations up to NFPA and OSHA compliance to limit and prevent exposure to vehicle emissions.

2. Relationship to City-Wide Strategic Goals and Departmental Objectives:

Employee Health, Safety & Wellness

3. Need for Grant Funds and Impact on Other Departmental Operations (Applies only to Programs):

There is not sufficient Capital Improvement funds to budget for this project. Due to budget shortfalls it would be several years before this project could be funded in the Fire Department Capital Improvements Budget.

4. Results Measurement/Progress Report (Applies only to Programs):

Improved Air Quality and NFPA Compliant Fire Stations.

5. Grant Period, Timetable and Program Phase-Out Plan:

July 24, 2017 – July 23, 2018

6. Provide a list of Subgrantees:

None

7. If Possible, complete Grant Budget Form and attach to back.
