

**Comprehensive Plan
Amendment and Zoning
Change Proposal**

2372 South Logan Avenue

Proposal

File #170562 would amend the land use recommendation for the Catalytic Project Area at **2372 South Logan Avenue** within the Southeast Side Comprehensive Area Plan, part of Milwaukee's Overall Comprehensive Plan, to call for the property to be utilized as public park space.

File #170444 would change the zoning for the parcel from residential (RT4) to park (PK).

Southeast Side Plan

- Adopted in 2008 after a multi-year planning process
- One of 13 Area Plans that make up Part of City of Milwaukee Comprehensive Plan
- Extensive public engagement to develop plan
- Sets forth the goals of residents and business owners for their community
- Land use decisions (including zoning changes) must be consistent with the recommendations of the plan under Wisconsin Statute 66.1001

Public Engagement

- Followed adopted process for Public Participation in Comprehensive Planning
- 15 member Contract Management Team (CMT)
- 14 funding partners
- Plan Advisory Group
- Community survey
- Visioning workshops
- Public meetings

Catalytic Project: 2372 South Logan

- Southeast Side Plan calls for the site to be developed as housing
- Potential for senior housing and/or environmentally friendly “Solar Village” concept
- Site could accommodate a variety of housing styles that would fit with neighborhood context
- Balances housing needs and neighborhood goals
- Potential for Transit Oriented Development nearby future KRM station

Catalytic Project: 2372 South Logan

Implementation Timeline:

- Board of Harbor Commissioners and Common Council declare property surplus to municipal needs in October 2008
- RFP process in 2008-2009
- Multiple proposals received
- No proposal advanced during housing market downturn and all proposals ultimately rejected

Comprehensive Outdoor Recreation Plan

- Adopted October 2016
- Identifies existing outdoor recreational space inventory and gaps
- Sets goals and priorities for outdoor recreation
- Focus on funding to maintain existing assets

Recommendations

- Ensure all residents have access to outdoor recreation facilities
- Consistent with ReFresh Milwaukee target, provide outdoor recreation opportunities within a ten minute walk (1/4 mile) for all residents
- Focus future conversion projects in areas considered underserved by existing facilities. Consider number of low income families without park access when making investment decisions
- Grand Trunk Wetland Restoration, KK River Trail, Powerline Trail, and Bay/Lincoln and Allis/Lincoln playground restoration among neighborhood projects recommended
