Dear council members,

Please reconsider approving the Goal Tower hi rise. This project could damage the bluff and would reduce the quality of life for the people who live on or near Prospect Avenue. I understand that no engineering study has been done regarding the effects this huge and heavy building would have! Plus there is already a huge parking problem on Prospect.

I truly hope you consider the negative impact this project would have in an already overcrowded area. Let your decision be in line with the highest good for all rather than enrichment for the Goal mansion owners.

Thank you,
Shala Kilmer
