Subject: Objection to Goll Mansion Project
Date: Friday, September 22, 2017 1:41:32 PM

Milwaukee Common Council,

I am a resident of [1522 North Prospect Ave](#). I have lived here for 5 years and have observed the traffic and congestion in our block (right next to the goal Mansion)

Adding potentially 200 cars exiting and entering Prospect Ave would be a safety issue. Most of the residents in our area are Seniors...their safety when walking or crossing the street should be paramount. These additional cars would be a safety hazard. Many children also attend classes and performances at the Wisconsin Conservatory of Music...they are in harms way as well with additional cars entering and exiting the street.

The developers have verbally committed to providing jobs and hiring small and minority businesses. They have yet to put these things in writing...and even if they do, what are the consequences if they do not honor their agreement?

Also, the Goal Mansion is slated to be moved **twice**...what is the contingency plan if these moves damage the building and the new structure cannot be built as far back as planned?

I urge the Common council to reject this proposal.
