Subject: goll mansion high rise project on Prospect
Date: Friday, September 22, 2017 11:45:44 AM

We are VERY opposed to this project, for a number of reasons.

We are a small business that rents off of Albion Street, and we park on the Goll parking lot right now.

- Parking is a HUGE issue in this area, for ourselves during office hours and for visiting customers. If you take away the current parking it will leave us stranded, and we may actually have to move our offices away from this area. There are very few lots that offer daytime parking, and street parking will not work.
- Congestion. I can hardly cross the road now on Prospect, and have almost gotten hit a couple of times (like screaming at the car to stop). Additional traffic right there would be a nightmare. I am not exaggerating.
- View – covering up the view of the lake for all of us who like this area and like to at least get a glimpse of the lake means a lot to us, and the business we bring to the area with our customers.

Please seriously consider what this would also mean to the environment along the bluff.

Please seriously consider if this is really needed and reject the proposal.

Thank you for your consideration.
