Milwaukee Common Council,

Please vote no on the developer that is proposing the movement of the Goll Mansion and construction of the apartment development at [1550 N. Prospect](#). As your discussion indicated in the Council's Neighborhoods and Development committee last week, Houdin is not to be trusted to keep his promises on the Goll Mansion preservation and use of business/minority contractors to construct the project.

There are lots of other reasons environmentally of why this project should be halted not to mention the number of vacant apartment units on Prospect Ave. Our city will soon be experiencing an even bigger glut of vacant apartments with all of the construction of apartments in downtown Milwaukee, in the third ward/fifth ward/BayView and wauwatosa, just to mention a few places which will add to this glut.

Please vote no.
