Subject: Opposition to 1550 Prospect!
Date: Monday, September 25, 2017 1:11:15 PM

Hello,

I just moved into Prospect Downs (1653 N. Prospect #410) and I am very concerned about the proposed high rise at 1550 N. Prospect! I moved here because my sister said it was a great place to live (she lives across the street) and now I hear this huge building might go up!! I never would have moved here had I known this.

I live in a small building and we have no guest parking. As I have been moving my stuff in, my parents, boyfriend and I have had so much trouble trying to find parking. I can't imagine what parking on this block will be like with yet another high rise on it! I heard they only have 10 guest parking spots and enough spots to accommodate each unit - yikes!!! Where do you think residents without assigned parking and guests will park....you guessed it, this block! The same block that is already so hard to park on!

I am also an avid walker and I am really worried about all of the cars that will be flooding the streets with 200+ more cars driving down this tiny, over-crowded block!

In sum, I am very concerned about parking and walking safety and as I said, I just moved in and this now really worries me. As such, I strongly urge you to not approve the rezoning of 1550 N. Prospect. If there is anything I can do, or anyone I can speak with, to make sure this rezoning is not approved please please let me know because I am so worried!
