Subject: Proposed development at 1550North Prospect Avenue
Date: Monday, September 25, 2017 3:47:00 PM

Milwaukee Common Council,

I am asking all Alderpeople to vote no on the proposed development at 1550 N. Prospect Ave. because the proposed building is simply too large for the lot. The present plan calls for the building foot print extending to within about three feet of the property line on both the north and south sides of the building. Almost all buildings and certainly all large buildings on the east side of Prospect Ave have space on both their north and south sides to accommodate vehicular traffic for emergency vehicles, delivery and moving trucks and other vehicles. The need for this is obvious because it is impossible to access these properties from Lincoln Memorial Drive yet the developer refuses to make even these changes in his plan.

Respectfully,

David L Raasch
1522 N. Prospect Ave.
Milwaukee
