MER CONFERENCE **MAY 7-9, 2018**	LOCATION
PRE-CONS | MAY 6, 2018	**CHICAGO MARRIOTT DOWNTOWN**

MERCONFERENCE.COM

What is the MER?

The National Conference on Managing Electronic Records (MER) is renowned as the nation's premier educational experience focusing on the life-cycle management of electronic records. For 25 years, the mission of the MER has been to serve as the leading forum for providing thought leadership and education on the management of electronic records from the Legal, Technical and "How-To" perspective. Collectively, these are the key components conference attendees have sought for achieving effective Information Governance (IG) in their workplaces.

May 7-9, 2018 Chicago
