

**Appendix 2**  
**Relative Siding Profiles**

Ater/Baer: New Construction at 100 W. Brown  
File # 170945

The figure above shows the relative thicknesses (actual, not advertised) of the following siding products (left to right): Eastern White Pine from Ward Clapboard Mill (Vermont); Cedar siding being used on post-fire rehab property at the corner of 1<sup>st</sup> and Lloyd in Brewers Hill (measurements taken on the building site); HardiePlank Smooth Lap Siding ("regular" HardiePlank); HardiePlank Artisan Lap Siding. **We propose to use HardiePlank Smooth Lap Siding 5/16" siding (circled above).**
