MPD is a member of ATF VCIT, which is geographically based and works to reduce violent crime by targeting and dismantling criminal groups and gangs that pose the greatest threat to public safety and national security. Further, through collaboration with federal, state, local and tribal law enforcement agencies, to include state and federal prosecutors, VCIT also helps to remove violent criminals and organizations from the community. VCIT uses innovative technologies, analytical investigative resources, and an integrated federal, state, and local law enforcement strategy to identify, disrupt, arrest, and prosecute the criminals and gangs responsible for violent crime in targeted hotspots.
