Hi Bob,
In combing through the e-mails I discovered that you COA application had been missed. I apologize.

Are you moving ahead with the project? If so we will issue the COA so that permits can be issued.

Carlen

Subject: 1688 North Franklin Place

The code requires us to add an ADA accessible ramp to this building. To minimize the effect, we have added it to the rear of the building. I have attached plans of the proposal. I understand the contractor Jerry macklin has spoken to you about this. Please consider this a formal request for approval. If you need anything else please let me know.
