Subject: Re: Milwaukee River Bridge Opening Hearing

Thanks Gary. I will attend the hearing tomorrow, but I'm also sharing your concern with Ald. Bob Bauman by cc on this e-mail.

I do have an interest but I am booked all day tomorrow. If you are attending I hope you have an opportunity to express our concern. The number of times bridges are raised and lowered is excessive.

I have been walking down approaching the bridge from Broadway on Wisconsin Avenue, seen the bridge being lowered and by the time I reach the bridge it is being raised again, less than five minutes has passed. I have to wait for the bridge to be lowered, traffic is backed up, is there a schedule?

I understand river traffic needs to be accommodated, but can't there be some coordination so river, street and pedestrian traffic all move smoother.

If you aren't attending could you tell me who to direct my concern.

Thanks.

Neighbors, you may be interested in an issue now being explored by the City of Milwaukee regarding the way that bridges over the Milwaukee River are opened and closed for boaters. The Common Council's Public Works Committee is holding a public hearing this Wednesday 4-25-18 @ 9:00 a.m. in Room 301B of City Hall to hear from neighbors, motorists and boaters who may have concerns about the frequency of and noise generated by bridge openings during summer boating season. I plan to attend.
