### Program Goals

The Milwaukee Metropolitan Drug Enforcement Grant (MMDEG) aligns with the city-wide strategy to reduce crime and enhance quality of life by reducing the volume of controlled substances in the Milwaukee area. The funds for this grant will be utilized to partially fund salaries for one Police Officer, Lieutenant, and Detective assigned to MPD. Funds for task forces are provided by DOJ headquarters through the Wisconsin Office of Justice Assistance and the Milwaukee County District Attorney's Office. The task force primary purpose is to interrupt illegal drug trafficking through intelligence gathering and undercover operations. The efforts made from this task force will assist and lead to successful prosecutions at state and federal levels.

### Programmatic Summary

Due to the large scale of networks that extend past state and international borders, the need for coordination of state and local governments along with federal partners is crucial to combat drug trafficking. The funds for this grant are intended for multi-jurisdictional drug task forces in Wisconsin for the purpose of enhancing interagency coordination, sharing intelligence, and facilitating multi-jurisdictional investigations focused on drugs and supplementary criminal investigations. Effectiveness of the task force will be measured in the ability to dismantle Priority Targeted Organizations (PTO) identified by the Drug Enforcement Administration (DEA), which align with local and nationwide missions.
