

March 18, 2009

To the Honorable, the Common Council

Dear Council Members:

Please find attached a "Title Only" Resolution for introduction at the next Common Council meeting.

The Downtown Streetscape Public Art Advisory Committee will meet on Monday, March 23, 2009 to review the final Schematic Design for incorporating public art into the pedestrian facilities and enhancements being deployed on Wisconsin Avenue as part of the Downtown Streetscape Project. The Advisory Committee will also make recommendations to the Common Council on acceptance of the final schematic design of this artwork and its placement in the streetscape. Approval of the final design by the Common Council will then authorize commissioning of the artwork and its installation. This resolution will be completed following the Advisory Committee meeting.

It is therefore our intent to insert the body of the resolution in this jacket prior to the April 1, 2009 meeting of the Public Works Committee.

Very truly yours,

Jeffrey S. Polenske, P.E.
City Engineer
