**Subject:** Historic Designation of Building

Dear Historic Preservation Commission and Alderman Donovan,

It is my hope that you designate the building on the SE corner of Greenfield Ave and Historic Layton Blvd as Historic and protect it from being torn down.

It would be a shame to see it taken down and be turned into a parking lot, which adds little value to our community as a whole and is an eyesore.

It's buildings like this that give our neighborhood character and allow for potential businesses and growth.

Please save this building.

Sincerely,

Sarah Luther
