# Letter from MKE Bucks President: Peter Feigin

The building of the Wisconsin Entertainment and Sports Center (WESC) and the surrounding 30-acre district is a realization of the commitment Sen. Herb Kohl and our owners made three years ago to Bucks fans and the entire community to keep the team in Wisconsin and help revitalize downtown Milwaukee. We are incredibly thankful

for all the hard work that went into this historic public-private partnership from the Wisconsin Center District, elected officials and community leaders, and are amazed by the progress that has been made in the past year. The new arena's construction has passed the 75% completion mark and has been fully enclosed and heated. Inside work continues on the arena bowl, the audiovisual systems, sports lighting and ribbon/LED boards.

We want the WESC to be the heart of entertainment, community engagement, and neighborhood revitalization. This is not just about Milwaukee Bucks basketball. It is about seizing an opportunity to evolve and create access to world class sports, music and family-centric entertainment that ignites progression in downtown Milwaukee, the community at large, and Wisconsin as a whole. Students from Bradley Tech continue to participate in the TechTerns program with Mortenson and Eppstein Uhen Architects, installing seats in the arena as part of a year-long, real-life learning lab and career pathway exploration program.

Upon completion, the 30-acre district surrounding the arena will be the largest development embarked on in downtown Milwaukee and the home for some of the best sports and entertainment in the world. With this in mind, we are intentional about our efforts to address, meet and exceed diversity and inclusion targets and engage the community, which we have done in the first and second year of construction. We will make a real difference as we build the future.

Peter Feigin, President Milwaukee Bucks

# Deer District : Executive Summary

Deer District LLC, along with Developer's Representative, ICON Venue Group ("ICON"), and Inclusion Monitors, Cross Management Services, Inc. ("CMSI") and Prism Technical Management & Marketing Services, LLC ("Prism Technical" or "Prism"), are dedicated to ensuring the projects are successful and meet or exceed the goals described herein.

This report provides information on the inclusion achieved for professional services, construction, and Residents Preference Program on the WESC, 5th Street Parking Structure, and Public Plaza ("the Projects") through March 31, 2018.

Through March 31, 2018, the Projects expect to award contracts valued at \$5,511,321 or 21.4% of professional services cost subject to inclusion and \$90,581,192 or 33.7% of the construction cost subject to inclusion and Milwaukee RPP Workers have performed 42.1% of the construction hours.

The Inclusion Requirements were established in the Human Resources ("HR") Agreement with the City of Milwaukee. The HR Agreement applies to the Projects and requires 18% Small Business Enterprise ("SBE")¹ professional services inclusion, 25% SBE construction inclusion, 40% City of Milwaukee Residents Preference Program ("RPP") inclusion, and payment of City of Milwaukee prescribed living wages.²

#### Worker priming WESC floors.

<sup>&</sup>lt;sup>1</sup> SBE includes Small Business Enterprises ("SBE") certified by the City of Milwaukee, Disadvantaged Business Enterprises ("DBE") certified by a member of the Wisconsin Unified Certification Program, a Small Disadvantaged Business ("SDB") as designated by the Small Business Administration, and an 8(a) certified by the Small Business Administration.

<sup>&</sup>lt;sup>2</sup> The 5th Street Parking Structure is also subject to payment of prevailing wages by virtue of its location in the Park East and the development agreement with Milwaukee County regarding this site.

# Deer District : Executive Summary

Table 1: Professional Services Inclusion through March 31, 2018

PROJECT	I	NCLUSION	ST SUBJECT INCLUSION	%	NCLUSION ID TO DATE	ı	TOTAL PAYMENTS	%
Wisconsin Entertainment & Sports Center	\$	4,364,243	\$ 22,564,093	19.3%	\$ 3,573,314	\$	21,015,348	17.0%
5th Street Parking Structure	\$	774,575	\$ 2,203,682	35.1%	\$ 759,829	\$	2,164,920	35.1%
Public Plaza	\$	372,503	\$ 1,024,423	36.4%	\$ 304,780	\$	957,035	31.8%
Total	\$	5,511,321	\$ 25,792,198	21.4%	\$ 4,637,923	\$	24,137,303	19.2%

While payments will vary based on project stage, at least 18% of professional service spending will go to SBEs by the time the Projects are completed.

#### **Inclusion Achieved**

- 21.4% Inclusion Firm Contracts \$5,511,321
- **78.6% Non-Inclusion Firm Contracts** \$20,280,877

**Total Cost Subject to Inclusion** \$25,792,198

### **Total Payments**

- 19.2% Inclusion Firm Payments \$4,637,923
- 80.8% Non-Inclusion Firm Payment \$19,499,380

Total Payments \$24,137,303

#### Worker unloading materials.

# Deer District : Executive Summary

Table 2 - Construction Inclusion through March 31, 2018

PROJECT	INCLUSION	COST SUBJECT TO INCLUSION	%	INCLUSION PAID TO DATE	TOTAL PAYMENTS	%
Wisconsin Entertainment & Sports Center	\$ 78,601,126	\$ 229,276,662	34.3%	\$ 61,716,397	\$166,344,357	37.1%
5th Street Parking Structure	\$ 8,837,119	\$ 26,993,978	32.7%	\$ 8,505,776	\$ 26,993,978	31.5%
Public Plaza	\$ 3,142,947	\$ 12,298,803	25.6%	\$ 686,941	\$ 2,970,102	23.1%
Total	\$ 90,581,192	\$ 268,569,443	33.7%	\$ 70,909,114	\$196,308,437	36.1%

It is projected that SBE inclusion will exceed the 25% SBE goal by completion of the Projects.

#### **Inclusion Achieved**

- 33.7% Inclusion Firm Contracts \$90,581,192
- 66.3% Non-Inclusion Firm Contracts \$177,988,251

**Total Cost Subject to Inclusion** \$268,569,443

## **Total Payments**

- 36.1% Inclusion Firm Payments \$70,909,114
- **63.9% Non-Inclusion Firm Payment** \$125,399,323

**Total Payments** \$196,308,437

#### Table 3 - RPP Inclusion through March 31, 2018

PROJECT	TOTAL HOURS	TOTAL RPP HOURS	RPP REQUIREMENT	RPP % TO DATE
Wisconsin Entertainment and Sports Center	1,420,889.6	602,058.6	40.0%	42.4%
5th Street Parking Structure	164,738.0	65,855.8	40.0%	40.0%
Public Plaza	12,843.3	5,148.4	40.0%	40.1%
Total	1,598,470.8	673,062.7	40.0%	42.1%

## **Total Residents Preference Program (RPP) Inclusion**

- **42.1% RPP Participation** 673,062.7 Total RPP Hours
- **57.9% Non-RPP Participation** 925,408.1 Total Non-RPP Hours

1,598,470.8 Total Workforce Hours

# Outreach: Community Engagement

#### **BUCKS CARE: TECHTERNS**

Eppstein Uhen Architects and Mortenson Construction Company partnered with Milwaukee Public Schools' Bradley Tech High School to give students interested in building design and construction a hands-on learning experience at the new Milwaukee Bucks Arena. Eighteen TechTerns students were able to bring their curriculum-based learning to a real-life experience.

Bradley Tech High School juniors and seniors started their first session with a virtual reality activity, a 3D model assembly of the Arena as well as reviewing architectural plans with Mortenson's design team. These sessions continued throughout the students' school year including four more sessions that exposed the students to electrical fitting, enclosure systems, seat installation, landscaping/sketching designs as well a chance to tape and mud drywall.

The students ended their program by meeting Bucks President Peter Feigin and several Bucks players, attending a Bucks game and lastly a graduation ceremony for the TechTerns where they all received commemorative Bucks gear.

TechTerns were also involved in the construction development for the Froedtert & the Medical College of Wisconsin Sports Science Center. In an interview during the seat installation of the new Arena, Debora, a student of the Bradley High TechTerns program, said what she likes most about the program is that "[w]e get a head start and we get to observe every single trade and everything that all the workers do, and how their strategies are used in different ways in order to make a big project like this come together; it's a great opportunity."

# **Project Partners**

#### **PROJECT MANAGEMENT TEAM**

ICON Venue Group is the leading Owner's Representative and project management firm in the sports, entertainment, and public assembly industry with a portfolio of many of the most successful venues in the world. ICON provides a comprehensive spectrum of facility development services required to guide a new facility project from its initial conception through planning, design, construction and opening to ensure years of successful operation for both public and private sector clients in the USA, Canada, Europe and Asia. ICON has managed the development of home venues for NFL, NBA, NHL, MLB MLS, MLL, AFL, CHL, NBDL, DEL and BBL franchises totaling over \$6 billion.

Cross Management Services, Inc. (CMSI), a project management consulting firm, provides business management, public relations, research, and planning services. With a passion for excellence, ethical conduct, and knowledge, CMSI achieves high-quality results and consistently meets its commitments to its clients. CMSI specializes in coordinating and monitoring supplier and workforce diversity goals for developers, contractors, corporations, and governmental entities on construction projects.

Prism Technical is a multifaceted consulting firm that specializes in project and construction management, public relations and outreach, business training and corporate workforce diversity and inclusion. Based in Milwaukee, Prism started in 1995 working to ensure the diversity of workers and legitimate contracting practices on major construction projects funded by tax payers. This has allowed Prism to advise many forward thinking companies and governmental entities on matters of process, management, knowledge transfer and strategy. Prism has had unprecedented success on Wisconsin's most prestigious and challenging projects and has accumulated an unparalleled catalog of experiences working with small, women and minority owned businesses and underemployed workers. The firm opened a second office in St. Louis, MO in 2016.

#### **ARCHITECTS & CONSTRUCTION MANAGERS**

American Design Inc. is a twenty-year old firm whose experienced management team provides a full range of architectural services to satisfy its clients. American Design Inc. has the architectural background necessary to work with clients through each phase of the design process. Their design experiences includes residential, educational, commercial office, retail and public buildings.

Eppstein Uhen Architects, Inc. (EUA) is an architecture firm located in Milwaukee (headquarters), Madison and Des Moines. More than 150 EUA team members demonstrate unparalleled commitment to the markets, communities and clients it serves. EUA works closely with clients and partners to create environments that exceed expectations while elevating people's potential. EUA, an 108 year-old firm specializes in workplace, healthcare, learning, living and entertainment environments.

# Project Partners

# **Findorff**

J. H. Findorff & Son Inc. is one of the Midwest's leading builders with offices in Madison and Milwaukee. For over 125 years, Findorff has continued to position itself as a dependable and reputable Company dedicated to excellence. Talented staff, a passion for innovation, and a focus on technology has helped secure our status as a leader in the construction industry. With over 700 employees currently, Findorff proudly acknowledges receipt of over 100 awards and recognition, for both commitment to quality construction and civic initiatives.

Established in 1961, GRAEF-USA Inc. has grown to become a leading U.S. consulting firm, as ranked by Engineering News Record Magazine. Their technical personnel, located in multiple offices in Wisconsin, Illinois, and Florida, represent a comprehensive resource with diverse technical expertise able to address all phases of analysis, design, and construction. From public infrastructure to environmental issues, industry to communications, governmental facilities to healthcare, education and retail, from and for numerous other project categories, GRAEF has positioned itself to serve their clients in unique and innovative ways.

HNTB Corporation is an employee-owned infrastructure solutions firm. With more than a century of service, HNTB understands the life cycle of infrastructure and addresses clients' most complex technical, financial and operational challenges. Professionals nationwide deliver a full range of infrastructure-related services, including award-winning planning, design, program management and construction management.

Hunzinger Construction Company is a fourth generation, family-owned company that has continuously served the construction industry in Southeast Wisconsin since 1907. Hunzinger consists of construction managers, general contractors and design/builders who have built and managed some of Wisconsin's most notable and challenging projects. Hunzinger has received numerous awards for outstanding project management, safety, engineering, concrete work, and core values, including the Marquette University Family Business Excellence Award for Core Values and being recognized as Employer of Choice by Wisconsin Builder magazine over multiple years.

M. A. Mortenson Company is the 2<sup>nd</sup> largest sport builder in the United States with over 160 sports and entertainment projects. Founded in 1954, Mortenson is a U.S.-based, family-owned company. As one of the nation's top builders and developers, Mortenson provides a complete range of services, including planning, program management, pre-construction, general contracting, construction management, design-build, and turn-key development. Mortenson has offices in Chicago, Denver, Madison, Milwaukee, Minneapolis, Phoenix, Portland, and Seattle with international operations in Canada.

## POPULOUS'

Since inception in 1983, Populous, Inc. has grown into the world's leading design firm dedicated exclusively to creating environments that draw people and communities together for unforgettable experiences. The firm has completed more than 1,000 projects around the globe with construction value exceeding \$20 billion. Populous has worked with 24 Major League Baseball franchises, 30 NFL franchises, 80 professional and civic arena clients, 40 global soccer and rugby teams, 120 universities, 40 convention center clients, 29 equestrian clients and has planned more than 30 major worldwide events.

## RINKA CHUNG

Rinka Chung Architecture, Inc. is a full service award-winning firm existing to serve progressive and visionary clients. They are differentiated by the ability to deliver inspiring design solutions that are both aesthetically elegant and functionally efficient. Rinka Chung places the highest value on people and relationships – both externally and internally.

## Professional Services Profile

# **LONGEVITY IN A CHALLENGING INDUSTRY**

Dakota Intertek Corp.

Since its founding in 1994, Dakota Intertek has served as a leading provider of government contracting, site work, demolition, and environmental services to clients across multiple industries. With CEO Wenbin Yuan at the helm, the team of 15 - 30 employees has lent its expertise on major projects across the state, including those at Harley-Davidson, Potawatomi Casino, Bayshore Town Center, Westlawn Gardens, and more. While making their mark in cities across Wisconsin, Dakota Intertek has also expanded its reach beyond state lines, providing services in parts of Illinois, Indiana, and Minnesota as well.

Today, Dakota Intertek now joins the list of highly talented Minority Business Enterprise (MBE) and Disadvantaged Business Enterprise (DBE) firms that have participated in the construction of the 5th Street Parking Structure. For this project, the team performed sampling and testing for concrete structures, in addition to material testing and material collection. Wenbin shares his excitement in contributing to the construction of the parking structure, saying, "We're really proud to provide some of our services to such a large project. It's great to be a part of it!"

Dakota Intertek continues to maintain a strong reputation within their industry by prioritizing long-term business relations development and the retention of experienced staff. In fact, as Wenbin mentions, "Most people who join our company stay with us for 15 years or more on average." This level of experience and loyalty has enabled the firm to become highly capable and proficient in important areas including the handling of complicated projects and paperwork. "You have to understand the paperwork that is required, especially for government-related work. If we have a small contractor working under us, we always have to help them with the paperwork."

Having been successful in a challenging industry for over 24 years, Wenbin has developed a set of rules to live and work by to ensure longevity. First and foremost, "Be humble, because it's not all about becoming rich, but about sharing with your employees, subcontractors, and most of all, your clients. We're here to gain valuable experience and to help people in need of employment and our services." This sentiment is one that he has passed on to his children, instilling in them the motivation to work hard and maintain a realistic view of the world beyond money. Another rule, try to build long-term relationships with primes or partners. This is key to securing new projects and positioning your firm as a leader amongst the competition.

Wenbin Yuan CEO of Dakota Intertek Corp.

"We're really proud to provide some of our services to such a large project. It's great to be a part of it!"

# A PERMANENT MARK ON MILWAUKEE'S SKYLINE

Applied Flooring Solutions LLC, LLC

"The Arena is a jewel in Milwaukee, and we are very proud of our work"

Christine and Glenn Urban, Owners Applied Flooring Solutions LLC, LLC.

Husband and wife, Christine and Glenn Urban, founded Applied Flooring Solutions LLC in 2001, each bringing decades of experience in the flooring industry. Though originally working for competing companies, the pair combined forces and established their business in the dining room of their home. In the years that would follow, the Applied Flooring Solutions LLC team was able to purchase a warehouse and grow to a staff of 25 employees.

Applied Flooring Solutions LLC is among the leading providers of flooring solutions for cheese and meat processing centers and sports venues. Notably, the firm has participated in all Lambeau Field expansions and renovations since 2002. Though travel is most often contained within Wisconsin, Applied Flooring Solutions LLC has lent its expertise in other parts of the Midwest as well.

When flooring solutions were needed for the Bucks Arena, Christine, President of Applied Flooring Solutions LLC, knew that the firm's participation on this major project made perfect sense: "Applied Flooring Solutions LLC is a certified master contractor for BASF (an MMA flooring system), a status we have to maintain every year. And, as a certified minority-owned company, we satisfy the minority participation rules. It was a win-win for everybody." Highly skilled in the application of specified BASF products, the team was responsible for an impressive 25,000 square feet worth of work (40 to 50 rooms), completing the flooring for areas in the Arena including locker rooms, concession areas, and bathrooms.

Though initially an intimidating job to take on administratively, Christine and her staff quickly developed a system for completing their required tasks each week. Ultimately, "it was a great learning experience." The firm views its participation as an opportunity to show their capabilities in successfully accomplishing a large project on time and within the reporting requirements, despite having a small team. Of her staff, Christine says, "We stand behind our work no matter what. We will work to make sure everything is just right in every situation."

Christine advises new firms to remain flexible in an industry that can be unpredictable. "Be prepared to wear many hats, especially as a smaller company. No two days will ever be the same and you will have a variety of duties." This flexibility, commitment to quality, and unmatched expertise enabled the team at Applied Flooring Solutions LLC to leave their permanent mark on Milwaukee's skyline. Christine shares, "The Arena is a jewel in Milwaukee, and we are very proud of our work. It is a beautiful facility and a job well done. It was an honor to be a part of it."

## THE CAREER PATH OF AN ELECTICIAN

Robert Davenport - Staff Electric Co., Inc. - Electrician

"From Army to Circuits"

Sometimes the path to our careers are straight and other times they are like a long winding road. For Robert Davenport, a 17-year-old young man, started his career as a field generator worker for the Army Core of Engineers in 1977.

Robert earned his Associates Degree in air conditioning and refrigeration and got connected with the Milwaukee Bucks Arena project through a veteran's resource center and has been working as an electrician for Staff Electric Co., Inc. since August 2017.

Being RPP (Resident Preference Program) certified has surely helped Robert get the opportunity to work on many projects in Milwaukee, however the Bucks project is the largest by far. It's a "great program," Robert said. He became RPP certified through WRTP-BIG STEP in July 2017.

When questioned about some of the reasons Robert chose to remain in the construction field, he stated, "it feels good waking up every morning knowing I love my job and knowing I have a steady paycheck coming." Robert further mentioned that this field has given him great financial stability and has been a big change in his life since starting on his new career as an electrician.

# Wisconsin Entertainment and Sports Center: RPP Profile

# MAKING YOUR FUTURE, AND SEIZING THE MOMENT

Harlan Coats - Duwe Metal Products, Inc. - Foreman (Ironworker)

## "I am now a part of history"

Harlan Coats is a man that has no problem taking a chance, stepping out of the shadows, and working for what he wants. Mr. Coats started in construction in 1996 as a laborer. His first project was working on the Milwaukee Brewers Stadium. One thing for sure is, he knew that in construction he would make a good living. In 1998 he seized the opportunity to step out of the shadows and answer the call when the construction site was extremely short on Ironworkers. Harlan knew that he would learn a skill set that would make him more valuable and increase his salary. He has been an Ironworker since that day in 1998.

"I have been on the Milwaukee Bucks Arena project since the beginning of November 2016, after the completion of my last project at the Northwestern Mutual Building." As a Foreman, Harlan starts his work day off with morning stretches, assigning tasks to his crew, do's and don'ts for the day and their daily game plan. On this project, Harlan has been doing structural work; rodding and impacting steel and also assisted in assembling a crane.

"I feel that my skills have helped me get the jobs that I have been on," Harlan said. He went on to mention that some of the perks to working in construction is working outdoors and meeting people that are performing different trades.

Mr. Coats passionately expressed that he chose to make his own future and being in construction has allowed him to have a good living with great benefits. "I was able to purchase two homes... I plan on retiring in the next four years." "I can also say that being a part of the construction at the Milwaukee Bucks Arena, I am now a part of history!"

Public Plaza: RPP Profile

# A NEW FOUND PURPOSE

Dexter Hunter - Hunzinger Construction Company - Carpenter

"People need to see how much (money) they could potentially make (in the Construction field)"

Dexter Hunter is a skilled carpenter with 12 years of experience currently performing carpentry and form work on the Public Plaza project. "I took on this trade as a carpenter just to get the skills necessary to know how to build and rehab homes. Being in construction has been exactly what I thought it was and I have learned a lot," said Dexter. He now knows how to build a house from the ground up and further expounded that, "Some positives to being in construction are that I continue to pick up skills every day, plus the organization of completing jobs more efficiently".

Prior to working in construction, Dexter worked in a foundry but has now found his purpose with a fulfilling career. He plans on working in construction for at least the next ten years.

Dexter's brother in law advised him about the apprenticeship testing. He later passed the exam and has worked on projects such as Northwestern Mutual, Toshiba and the Art Museum and is now employed with Hunzinger Construction Company. When asked, how do you think we could get more people like yourself involved in construction or working on projects like the Bucks? Dexter said, "People need to see how much (money) they could potentially make- how the dollars transfer, and they need to know the elements of the field".

## Wisconsin Entertainment and Sports Center: RPP Inclusion

Table 10 - Wisconsin Entertainment and Sports Center RPP Inclusion through March 31, 2018					
Total Construction Hours	1,420,889.6				
RPP Target Based on Total Hours (multiplied by 40%)	568,355.8				
Applicable RPP Goal	40.0%				
Total RPP Hours	602,058.6				
RPP Hours Above (Below) Goal	33,702.7				
RPP Percentage (Total RPP Construction Hours/Total Construction Hours Worked)	42.4%				

## Wisconsin Entertainment and Sports Center Residents Preference Program (RPP) Inclusion

Table 11 - Wisconsin Entertainment and Sports Center: RPP Inclusion (excluding Non-Wisconsin residents) through March 31, 2018				
Total Construction Hours	1,420,889.6			
Less Hours Worked by Non-Wisconsin Residents	(66,718.5)			
Construction Hours Worked by Wisconsin Residents Only	1,354,171.1			
RPP Hours	602,058.6			
RPP Participation Percentage (Excluding non-Wisconsin residents)	44.5%			

Milwaukee Code of Ordinances (MCO) Section 355-7(1)(a) notes that for the purpose of calculating RPP participation "...'worker hours'... excludes the number of hours of work performed by all non-Wisconsin residents."

# RPP by Aldermanic Districts - All Projects

<sup>&</sup>lt;sup>3</sup>Count represents unique number of workers. \*\*Workers may work in multiple trades.

This map shows district numbers. Refer to chart for number of RPP workers.

<sup>&</sup>lt;sup>4</sup>Workers who moved during the project may be counted in multiple zip codes.

<sup>&</sup>lt;sup>5</sup>The Official numbers of workers employed through the Residents Preference Program is 867.
