Subject: Opposed to new flag, 9/11/18 meeting

Dear Members of the Arts Board:

I write to express my opposition to the proposal suggesting that Milwaukee change its official flag. The new design is generic and could readily represent any city on the water, which is essentially any city in the world. There is nothing so unique in it that would stop Baltimore, Chicago, or Seattle from using the exact same design.

The current flag has character and represents Milwaukee at its eclectic best.

I hope that will you recommend keeping the current flag.
