Program Goals

Upgrade the MPD, namely the Bomb Unit, to substantially upgrade their robot to be a more effective response tool for high risk operations.

Equipment is intended to support regional law enforcement efforts with ALERT, to prevent terrorism and other catastrophic events and to prepare for threats and hazards that pose the greatest risk to security.

Programmatic Summary

All personnel who utilize equipment with funds from this grant must receive training either through the equipment vendor or other competent source specific to that piece of equipment before it is put into service. The sub-recipient is required to maintain proper training records. Emergency response capabilities developed using these grant funds must be made available to other emergency response agencies regionally, as may be required for incident response purposes. Equipment shall be maintained and available to use as intended by the grant for the duration of its useful life. Agencies that accept funding are responsible for all sustainment costs.
