Subject: FW: Horse Chestnut Grove at the PAC

To: HPC,

Instead of just cutting down these trees and destroying a wonderful "Dan Kiley", why don't the planners of this project move and recreate the grove of trees at Cathedral Square Park. Place the grove along the Kilbourn Avenue edge of the park. Move the benches, stone steps and plant new horse chestnut trees. Update by providing a handicap ramp to the tree level if one doesn't exist now. It would define the Kilbourn street edge, improve the venue for Jazz In The Park and the summer's Farmers' Market. Good for the Dan Kiley, Good for Cathedral Park, good for the PAC and their current plans/needs and good for the people of Milwaukee.
