The Department is requesting to re-exempt the Emergency Communications Manager position to create greater flexibility in selecting the best qualified candidate, as well as the candidate that fits best with cultural, demands, challenges, and structure of the Police Department. In addition, the position requires confidentiality, sensitivity and commitment to working cooperatively with departments, other departments, government officials, and members of the community.

The Department will utilize the services on the Department of Employee Relations (DER) for recruitment purposes as well as referrals.

- DER will post and recruit for the position through their website and others.
- The position will be advertised with other law enforcement agencies, businesses, TV Stations where there is a higher probability of attracting qualified candidates.
- Interested candidates will be required to submit a resume, cover-letter and three (3) professional references.
- All candidates who meet the minimum qualifications for the position will be invited for an interview.

• A structured oral interview process with a scoring matrix will be conducted and facilitated by MPD Human Resources staff.

Attached is a current job description for reference, a list which identifies the other exempt positions and the corresponding pay ranges within the department. Having the right candidate is both critical and essential to the department, and the candidate to be successful in the Emergency Communications Manager position.
