Re: 8319 N. Andrea
Lifting of Deed Restriction

Mr. Amin,

Currently, there is no access to the above referenced lot. When this subdivision was developed the access to this property was to be off of N. Andrea St. so a deed restriction was put in place to eliminate access from N. Granville. Although the City owns the right of way for N. Andrea, the street was never improved and it is my understanding that there is no intention to do so anytime soon.

Because of this unique situation, I would like to request at this time that the access restriction be lifted, as well as the landscape buffer requirement. Without the improvements to N. Andrea and with the current deed restrictions in place, my property has no value because there is no way to get to it.

Respectively submitted,
