To Whom It May Concern:

This letter is to appeal the order to have my dog caged when outside. As I previously stated, the one complaint was from a neighbor down the block who has never had any contact with the dog for the three years I have had her, nor have there been any other complaints about the dog.

Attached is a letter from my doctor stating that my dog is a therapy dog, thus she is never outdoors without me or my children. I have three children diagnosed with Autism. The dog has been a great comfort for the kids. My 9 year old will not go into his bedroom to sleep or play without the dog by his side. She has been at his side to help him sleep since he was two years old.

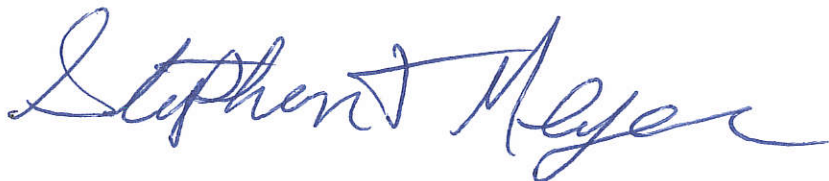

Also, the neighborhood association that governs the housing division with which I live does not allow for dog kennels.

With all the facts stated above, I am respectfully requesting that the city reverse its order to force me to kennel my service dog when I am not allowed to have a kennel and to punish a well behaved service dog to satisfy one ladies old vendetta against me personally.

Thank you!

Sincerely,

Steve Meyer

To Whom It May Concern:

I am writing this on behalf of Steve at 8092 N. 94th Milw.

I live directly across the street from Steve for 35+ years. Steve moved into the house when his mother passed away a few years ago and I met his dog Angel. She is well behaved and barks from time to time. Never has Angel been a threat or scared me or my family. She has never been outside without a leash and Steve.

Angel is a service dog which is very important to Steve and his family. She wouldn't anyone unless provoked.

Thank you.

Sincerely
