Hearing Set for Ordinance Applying Federal Law to Licensees, Applicants

A public hearing has been scheduled next week before the Common Council's **Licenses Committee** to hear testimony on a proposed ordinance (File 090411) relating to citizenship and qualified alien status requirements for issuance of professional or commercial licenses or permits.

The hearing will begin at 8 a.m. on Tuesday, September 29, 2009 in room 301-B at City Hall, 200 E. Wells St.

City Clerk Ron Leonhardt said federal requirements have prompted the City Clerk's Office to introduce the ordinance, which would require all applicants for new or renewal licenses or permits for conducting a business or an occupation to provide either proof of U.S. citizenship or documentation issued by the U.S. Department of Homeland Security which authorizes the applicant to engage in such business or occupation. "The City Attorney has advised that this federal law applies to the issuance of licenses and permits by the License Division of the City Clerk's Office, and that we are required to be in compliance," he said.

"The ordinance will not only help protect the integrity of the licensing process, but it also has an appeals process for applicants and licensees who are rejected," Leonhardt said.

Ordinance Hearing/ADD ONE

The ordinance was introduced to ensure compliance with the **United States Personal Responsibility and Work Opportunity Reconciliation Act of 1996** which prohibits state and local governments from conferring public benefits, including professional and commercial licenses and permits, upon persons who are not citizens of the United States or certain qualified aliens.

Under the ordinance, the License Division will reject any new or renewal application if the required documentation is not provided. However, the ordinance includes a procedure for appealing the rejection to the Common Council's Licenses Committee, and there is also a procedure for the License Division to initiate revocation proceedings when the status of an alien changes and the individual no longer has documented permission to work in the United States.
