

October 27, 2009

To the Honorable, the Common Council

Subject: 2010 Capital Improvements Program
South 2nd Street
West National Avenue to the Menomonee River

Dear Council Members:

The 2010 Capital Improvement Program includes the improvement of traffic control devices under the Surface Transportation Program in conjunction with the improvements to South 2nd Street from West National Avenue to the Menomonee River. The Federal Program provides cost participation for the improvement of traffic control devices in conjunction with the highway paving.

The total estimated cost of the project is \$111,506.23. Eighty percent of the total cost, or \$89,204.98, will be funded by the Wisconsin Department of Transportation (WISDOT). The local share, or \$22,301.25, will be provided through the Division's existing Capital Improvement Program.

We have, therefore, prepared the attached resolution, which authorizes the Commissioner of Public Works to execute a Local Force Account (LFA) – Local contract with WISDOT that allows City forces to install and/or modify traffic control facilities in conjunction with the improvement of South 2nd Street from West National Avenue to the Menomonee River in the 4th and 12th Aldermanic Districts.

Very truly yours,

Jeffrey S. Polenske, P.E.
City Engineer

Jeffrey J. Mantes
Commissioner of Public Works
