TO WHOM IT MAY CONCERN,

Thank you for allowing
me to appeal your decision, concerning
my, "CLASS'D' BARTENDERS LICENSE."

Just for your records,
I was told about, "5 months," ago by a Doctor
I'm seeing (DR. CALADONO) that I would
be DEAD in 3 years, if I did not stop
drinking, I've been tapering off for a
couple of (2) years now, so it was like
a kick, in the right direction, to help my-
self. I have not drank any alcohol since your
decision, Thank you, I've worked at Summer-
fest, for "Major Goolsby's," for the last 6
yrs, and would like to train for, "MANAGER
POSITION," next year, I would need a
"Bartenders licence," to pursue that goal.

I also work at, "Federal
Marine Terminal," for 3 years now and
due to the fact, that our season runs
from, "April 1st to Dec. 15th," I also supplement
my income, Bartending during those
months or I could go back to bartending
for the, "Union" at Hotels around the
city. (Hotels & Restaurants Union)

Please do not hold it against

me, for being in a "bad relationship,"
the result, "being charged with various
charges. (I am not saying, "All my fault")

But I have removed my self from that
"living inuorment," AND moved back with
my father and have met A hard work-
ing, good women with a job AND self
RESECT.

I know I should have slowed
down my drinking when I was 30 yrs
young but I got the message 2 1/2 yrs
ago, so I guess its NEVER too late!

Thank You
Very Much
Daniel E.

P.S. Bottom line,
I give you "my"
WORD, AS A "MAN,"
that I will NEVER
be in "domestic," trouble
again, "it is not me anymore!"

Thank You
