Subj: Claim for 1433 E. Pryor Ave.

Claim# 1068-2019-1927

I am writing to request a hearing to appeal the denial of my claim. The letter I received from the city has incorrect information in it and I would like to make it clear what happened. The city workers damaged my railing and pulled it out of the ground when they winched the tree. They did not move it prior that is false. I stood there and watched them do it and so did several of my neighbors.

Subject: Property damage to 1433 E Pryor Ave.

On 25 June 2019 our neighbors 1427 E Pryor Ave tree that was planted by the forestry department fell onto our property and landed in our yard and over our railing. The city of Milwaukee tree removal team showed up to remove the tree. I pointed out that the tree would need to cut before winching it into the wood chipper to prevent damage to the railing. The tree crew did not cut the tree prior and winched the tree, which pulled out our railing. The lead on the team gave me the form to submit the claim to the city.

We contracted Storybook Forge to replace the railing and they completed the railing on 20 September 2019. We paid them \$1,585.00 and requesting to be reimbursed for the total cost of \$1585.00

Please see enclosed invoice for \$1,585.00 and Incident report.

Please feel free to contact me with any further questions.
