

December 16, 2009

To The Honorable, the Common Council

Subject: 2010 Highway Safety Improvement Program
West Burleigh Street, West Roosevelt Drive and North 60th Street Intersection

Dear Council Members:

The 2010 Highway Safety Improvement Program includes the improvement of traffic control devices in conjunction with geometric improvements to the intersection of West Burleigh Street, West Roosevelt Drive, and North 60th Street. The Federal Program provides cost participation for the improvement of traffic control devices in conjunction with the highway paving.

The total estimated cost of the project is \$65,331.83. Ninety percent of the total cost, or \$58,798.65, will be funded by the Wisconsin Department of Transportation (WISDOT). The local share, or \$6,533.18, will be provided through the Division's existing Capital Improvement Program.

We have, therefore, prepared the attached resolution, which authorizes the Commissioner of Public Works to execute a Local Force Account (LFA) – Local contract with WISDOT that allows City forces to install and/or modify traffic control facilities in conjunction with the improvement to the intersection of West Burleigh Street, West Roosevelt Drive, and North 60th Street in the 10th Aldermanic District.

Very truly yours,

Jeffrey S. Polenske, P.E.
City Engineer

Jeffrey J. Mantes
Commissioner of Public Works
