Good Morning HACM FAMILY!

This past weekend's Make Your Money Talk Bootcamp was a total success! Special thanks to our partners at the Zilber City Grant Foundation for allowing us to offer the bootcamp to a smaller group in Spanish, taught by our very own Lily Alvarado. Simultaneously, Housing Resources Inc. offered a Home Buyers workshop down the hall in one of our other classrooms. Please click on the link below to see some highlights and pictures from the full day of programming!

We had a total of 33 individuals in attendance at Saturday's Bootcamps.

Our awesome facilitator, Ms. Annette Bass came fully loaded for the day with great activities and awesome ways to save. The day started with Bernard Davis, a mortgage lender from Trinity Oaks Mortgage, covering the process of pre-approval, and Johvon Holmes, a real estate agent with First Weber and Credit Counselor, who gave great insight into credit repair. We were also able to watch two great video shorts from America Saves. Our final speaker was Maria Perez-Hernandez with the, Johnson Financial Group who shared an in-depth look into the final steps of home buying through the closing process.

We raffled off door prizes from WWBIC, PNC Bank, Educator's Credit Union, Johnson Financial Group and First Citizen's Bank. In addition to this we also raffled off two Kroger \$50.00 gift cards.

We also supplied each participant with a gift bag of non-perishable items contributed directly from WWBIC.

A special thanks once again goes out to Ms. Crystal Moore, Match Program participant, Darianna Hennings, Middle School Intern from David Henry Thoreau and staff members Dionne, Terry and Alia who assisted with setting up, registration, serving lunch, cleaning and taking photos.

What a way to kick off America Saves Week, 5 HOURS + 5 PARTNERSHIPS + 78 INDIVIDUALS = GREAT IMPACT!

ONCE AGAIN, TEAM WORK TRULY MAKES THE DREAM WORK!

Please enjoy the photo slideshow from Saturday.
