## Mid-State Sign & Service

February 11, 2020

Exhibit A File No. 191667 Minor Modification to Detailed Planned Development known as Park Place. Stage 28 Comfort Suites 10831 W Park Place

In February 2006 a Detailed Planned Development (DPD) known as Park Place, Stage 28 was approved for the subject site to allow construction of a hotel. The DPD contemplated building wall signage but not freestanding signs. Mid-State Sign & Service.LLC. on behalf of Comfort Suites, seeks a minor modification to the detailed planned development for 10831 W Park Place to permit a monument sign on the site. The building wall signs will be replaced with similar Type A signs (consistent with the DPD) and are not part of this minor modification. Comfort Suites will decrease the wall signs from four to three, but retains the right to add the fourth Type A building wall sign (not to exceed the square footage of the original signage) at some point in the future.

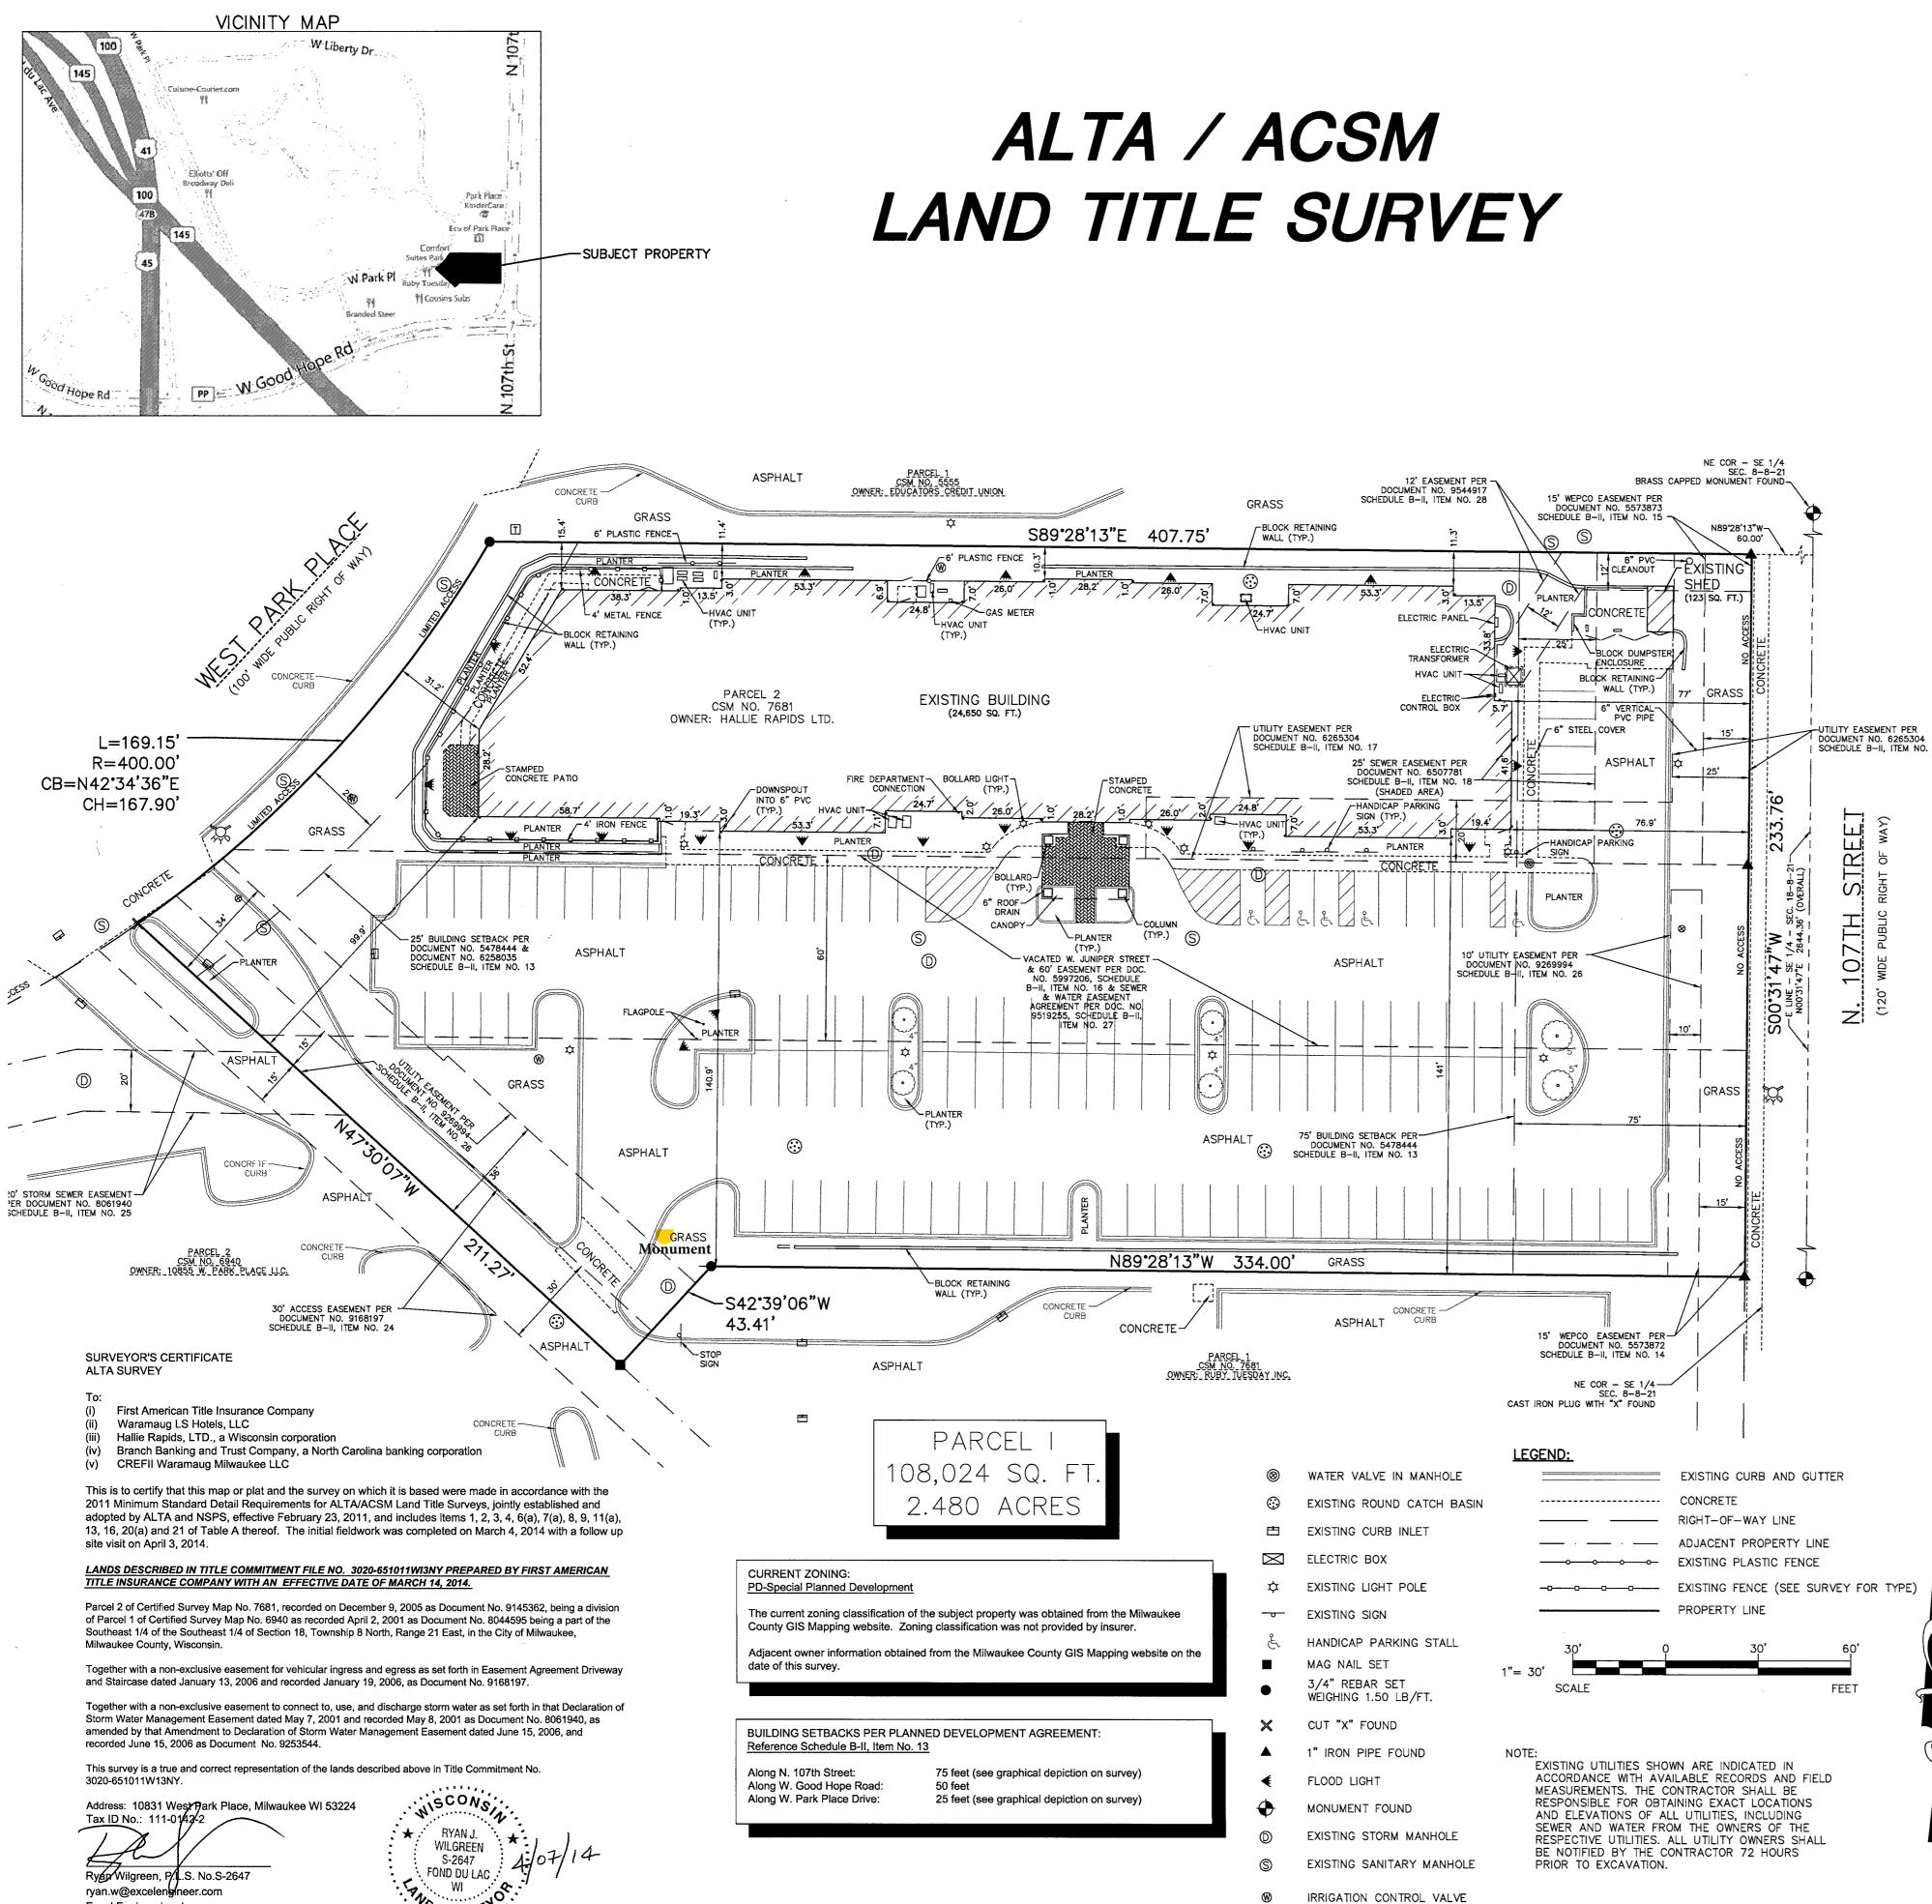

List of Exhibits:

- 1. Vicinity Map
- 2. Site Photos
- 3. Signage details

Currently no monument sign is permitted for Comfort Suites at 10831 W Park Place. We request that Comfort Suites be allowed a monument sign not to exceed 8 feet overall height and 88 square feet. Allowing for the minor change to the planned development will allow Mid-State Sign to install one monument sign that will clearly direct traffic to the entrance of Comfort Suites while giving the property a modern signage upgrade.

The monument sign will be constructed using the highest quality materials. The structure of the sign will be fabricated aluminum with routed letters with acrylic backer. The sign will be lit using LED illumination. The base footing will be constructed with steel. Base plantings will be placed around the sign. The sign will be placed at the entrance of the access drive and will be placed outside the required 10 foot vision triangle as required per s. 295-405-2-g-3-a of the zoning code, All other aspects of the DPD will remain unchanged.

entrance of the access drive and will be placed outside the required 10 foot vision triangle as required per s. 295-405-2-g-3-a of the zoning code, All other aspects of the DPD will remain unchanged.

Bearings are referenced to the East line of the Southeast Quarter of Section 18 having an recorded bearing of North 00 degrees 31 minutes 47

Only the improvements that were visible from above ground at time of survey and through a normal search and walk through of the site are

Surface indications of utilities on the surveyed parcel have been shown. Offsite observations have not been made to determine the extent of utilities serving or existing on the property. Controlled underground exploratory effort together with Digger's markings is recommended to determine the full extent of underground service and utility lines. Contact Diggers at 1-800-242-8511.

4. This survey may not reflect all utilities, or improvements, if such items are hidden by landscaping, or areas covered by such items as dumpsters

The locations of the property lines shown on the face of this plat are based on the description and information furnished by the client, together with the title commitment. The parcel that is defined may not reflect actual ownership, but reflects what was surveyed. For ownership, consult

Based upon a review of the Federal Emergency Management Agency Flood Insurance Rate Map community panel 55079C0018E with an effective date of January 24, 2014, the property described hereon falls within Zone "X"-Unshaded (areas determined to be outside or the 0.2%

At the time of the survey the subject property contained 121 regular parking stalls and 5 handicapped parking stalls for a total of 126 striped

9. First American Title Insurance Company, Title Commitment No. 3020-651011WI3NY, with an effective date of March 14, 2014, has been reviewed in conjunction with the preparation of this survey. Notes related to the review of this title commitment, Schedule B-II Exceptions are as

"A. That all utility lines to provide electric power and telephone service and cable television or communications systems lines or cables to all lots or parcels shall be installed underground in easements provided therefor where feasible." All visible utilities located at the time of survey along with recorded easements provided to this surveyor have been depicted on this survey. THIS ITEM AFFECTS THE

"B. That direct vehicular access from Parcels 1, 2 and 3 to Good Hope Road, N. 107th Street and N. 110th Street is prohibited and limited vehicular access from Parcels 1, 2 and 3 is provided to W. Park Place." No access and limited access have been depicted on this

#9 Utility easements, access easement, notes prohibiting direct access, as may be disclosed by the recorded Certified Survey Map. No. 7681; also including agreement reciting as follows: Easements along with access notes and restrictions have been depicted on this

"A. That all utility lines to provide electric power and telephone service and cable television or communications systems lines or cables to all lots or parcels shall be installed underground in easements provided therefor where feasible." All visible utilities located at the time of survey along with recorded easements provided to this surveyor have been depicted on this survey. THIS ITEM AFFECTS THE

"B. That direct vehicular access from Parcels 1 and 2 to W. Good Hope Road and N. 107th Street is prohibited." No access is depicted

#10 Easement for Utilities and rights associated therewith along the easterly 15 feet of the vacated West Juniper Street; and Sewer Easement No. SE2432 and rights associated therewith of the City of Milwaukee located in the vacated West Juniper Street. Vacated W. Juniper Street is depicted on this survey along with all visible improvements and visible utilities within this area. THIS ITEM AFFECTS THE SUBJECT

#13 Terms, provisions and conditions of Planned Development Agreement recorded as Document No. 5478444 and amendments recorded as Document Nos. 5794114, 5973152, 6258035, 6355955, 6481468, 7186156. This document establishes the planned development district for the overall development which includes the subject property. No easements contained in this document to depict on this survey. Building setback lines listed in this document have been depicted on this survey. THIS ITEM AFFECTS THE

#14 Utility Easement granted to Wisconsin Electric Power Company recorded as Document No. 5573872. Easement location is depicted on this

#15 Utility Easement granted to Wisconsin Electric Power Company recorded as Document No. 5573873. Easement location is depicted on this

#16 Easement recorded as Document No. 5997206. Easement location is depicted on this survey. THIS ITEM AFFECTS THE SUBJECT PROPERTY. #17 Utility Easement recorded as Document No. 6265304. Easement location is depicted on this survey. THIS ITEM AFFECTS THE SUBJECT

#18 Sewer Line Easement Agreement recorded as Document No. 6505553 and Amendment of Sewer Line Easement Agreement recorded as Document No. 6507781. Easement location is depicted on this survey. THIS ITEM AFFECTS THE SUBJECT PROPERTY.

#19 Covenants, conditions and restrictions set forth in Declaration of Restrictions recorded as Document No. 7976020. No general or plottable easements found in this document to depict on this survey. THIS ITEM AFFECTS THE SUBJECT PROPERTY.

#20 Covenants, conditions and restrictions set forth in Declaration of Restrictions recorded as Document No. 8126338. No general or plottable easements found in this document to depict on this survey. THIS ITEM AFFECTS THE SUBJECT PROPERTY.

#21 Repurchase Rights contained in Warranty Deed recorded on December 29, 2005 as Document No. 9154305. Easements & notes listed in Exhibit B of this document are also found in Schedule B-II of the current title commitment. These items are depicted on this survey. THIS ITEM

#22 Declaration of Restrictions by Liberty Property Limited Partnership, dated December 27, 2005, recorded December 29, 2005 as Document No. 9154306. No general or plottable easements found in this document to depict on this survey. THIS ITEM DOES AFFECT THE SUBJECT

Assignment and Assumption Agreement recorded April 5, 2012 as Document No. 10101742.

#23 Declaration of Restrictions by Liberty Property Limited Partnership, dated January 13, 2006, recorded January 19, 2006 as Document No. 9168196. No general or plottable easements found in this document to depict on this survey. THIS ITEM DOES AFFECT THE SUBJECT PROPERTY. #24 Easement Agreement recorded on January 19, 2006 as Document No. 9168197. Access easement is depicted on this survey. THIS ITEM

#25 Declaration of Storm Water Management Easement filed for record on May 08, 2001, and recorded as Document No. 8061940. Easement location is depicted on this survey. THIS ITEM AFFECTS THE SUBJECT PROPERTY.

Amendment to Declaration of Storm Water Management Easement filed for record June 15, 2006 as Document No. 9253544.

#26 Easement Agreement recorded July 17, 2006 as Document No. 9269994. Easement location is depicted on this survey. THIS ITEM

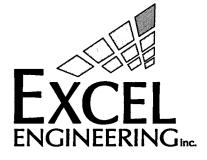

#27 Permit and Agreement recorded November 06, 2007 as Document No. 9519155. This document references the 60' easement per Document No. 5997206 and allows for the construction of improvements within this easement. Easement location is depicted on

#28 Distribution Easement Underground Joint recorded January 10, 2008 as Document No. 9544917. Easement location is depicted on this

Other commitment items not specified hereon may not have been considered relevant to an ALTA/ACSM Land Title Survey, and have not been reviewed in conjunction with preparation of this plat (i.e. Annexation agreements, Leases, Mortgages, Liens, special assessments, covenants,

11. At the time of this survey there was no visible signs of earth moving work, building construction, or building additions.

REFER TO SIGN COMPANY'S DRAWINGS FOR MORE DETAILS.

ALL DESIGNS, DETAILING FABRICATION AND CONSTRUCTION SHALL CONFORM TO:

2015 IBC

ACI

AISC

AMERICAN WELDING SOCIETY

LOCAL BUILDING CODES & ORDINANCES

CONCRETE: 2500 PSI @ 28 DAYS

STD. STEEL PIPE SECTION: ASTM A53 GRADE B (Fy=35 KSI), U.N.O. STEEL PIPE SECTION (> 20" Ø): ASTM A252 GRADE 3 (Fy=42 KSI MIN.) U.N.O. HSS ROUND SECTION: ASTM A500 GRADE B (Fy=42 KSI) U.N.O. HSS SQUARE/RECTANGULAR SECTION: ASTM A500 GRADE B (Fv=46 KSI)

W SHAPES: ASTM A992 (Fy = 50 KSI)

ANCHOR BOLTS: ASTM F1554 GRADE 36 U.N.O. (ALTERNATES GRADE 55 & 105)

CONNECTION BOLTS: ASTM A325

THREADED RODS: ASTM A193 GRADE B7

STEEL ANGLES, CHANNELS, STRUCTURAL SHAPES & PLATES ASTM A36 REINFORCING: GRADE 60 ASTM A615 (DO NOT WELD REINFORCING STEEL) (IF REINFORCING STEEL IS TO BE WELDED, MUST CONFORM TO ASTM A706 GR. 60 REINFORCING STEEL)

PROVIDE A MINIMUM OF THREE INCHES OF CONCRETE COVER OVER EMBEDDED STEEL.

THE CONTRACTOR (INSTALLER) IS RESPONSIBLE FOR THE MEANS &

METHODS OF CONSTRUCTION IN REGARDS TO JOBSITE SAFETY. NO FIELD HEATING FOR BENDING OR CUTTING OF STEEL SHALL BE

ALLOWED WITHOUT THE ENGINEER'S APPROVAL.

WELDING ELECTRODES: E70XX

ALLOWABLE SOIL BEARING PRESSURE ASSUMED: 2000 PSF

ASSUMED HORIZONTAL (PASSIVE PRESSURE) ASSUMED AT 150 PSF/FT OF DEPTH.

ISOLATED LATERAL BEARING FOUNDATIONS FOR SIGNS NOT ADVERSELY AFFECTED A 1/2" MOTION AT THE GROUND SURFACE DUE TO SHORT TERM LATERAL LOADS SHALL BE PERMITTED TO BE DESIGNED USING TWO TIMES THE TABULATED CODE VALUES.

ALL FOOTINGS SHALL BEAR ON FIRM UNDISTURBED RESIDUAL SOIL AND/OR ENGINEERED EARTH.

FILL COMPACTED TO 98% OF ITS MAXIMUM DRY DENSITY AS PER ASTM D 698-70 (STANDARD PROCTOR) UNLESS NOTED OTHERWISE. THE SOIL BEARING CAPACITY IS TO BE VERIFIED BY A GEOTECHNICAL ENGINEER PRIOR TO CONSTRUCTION. IF ALLOWABLE BEARING AND/OR LATERAL PRESSURE IS LESS THAN THE ABOVE ASSUMED AND/OR CALCULATED PRESSURES, THE ENGINEER SHOULD BE CONTACTED FOR RE-EVALUATION.

EXCAVATION SHALL BE FREE OF LOOSE SOIL BEFORE POURING CONCRETE. WELDERS SHALL BE CERTIFIED FOR THE TYPE OF WELDING. ADEQUATELY BRACE POLE(S) UNTIL CONCRETE HAS SET UP FOR 14 DAYS.

GROUT UNDER BASE PLATES WITH NON-SHRINK GROUT.

THIS ENGINEER DOES NOT WARRANT THE ACCURACY OF DIMENSIONS FURNISHED BY OTHERS.

ALL EXPOSED STEEL SHALL BE PAINTED WITH AN ENAMEL PAINT TO INHIBIT CORROSION.

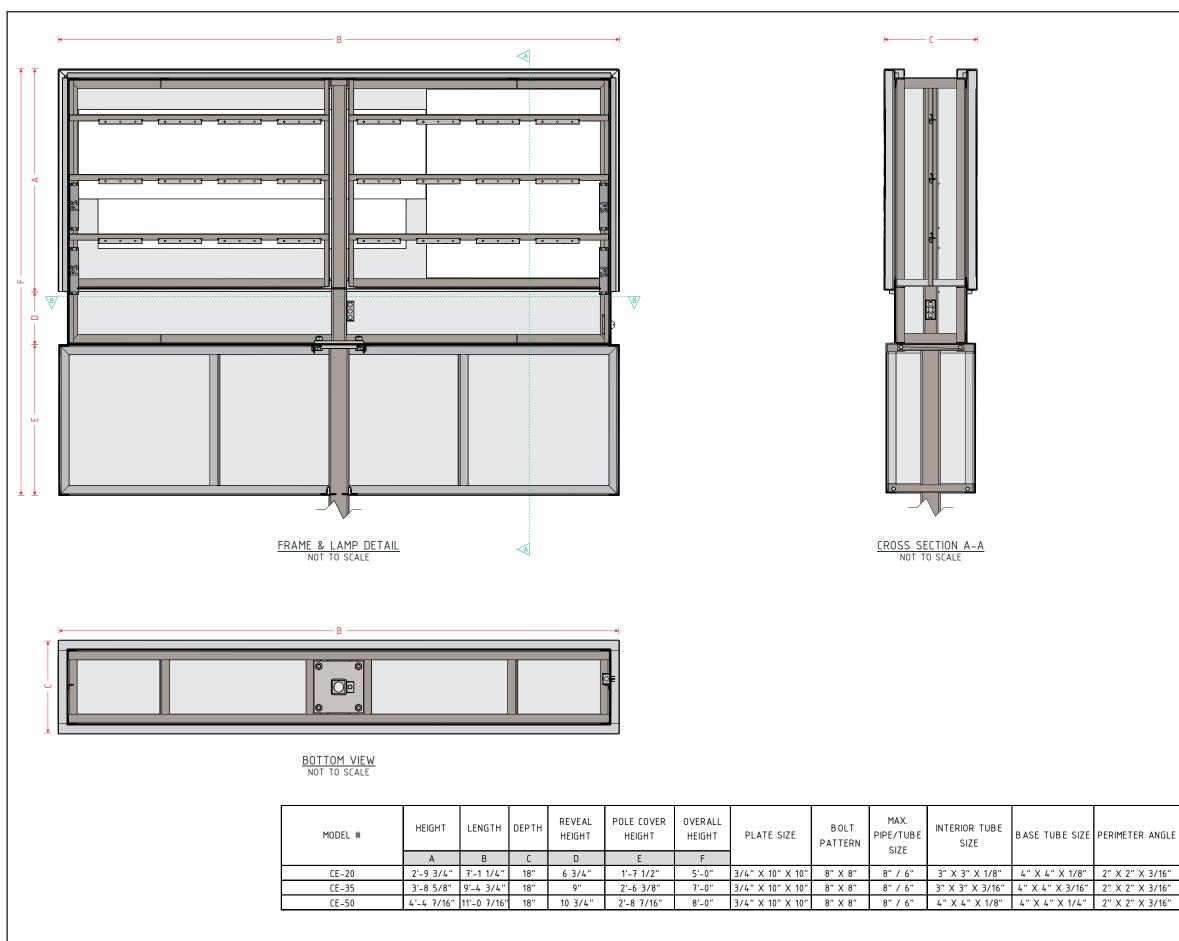

THIS DESIGN IS FOR THE INDICATED ADDRESS ONLY, AND SHOULD NOT BE USED AT OTHER LOCATIONS WITHOUT WRITTEN PERMISSION OF THE ENGINEER. DESIGN OF DETAILS AND STRUCTURAL MEMBERS NOT SHOWN, BY OTHERS.
