

## **Education and Outreach Notes**

### A. Findings

Sentences were added before the quotes to add more context. The majority of the subsections under this section (goals, target audience, recommendations for nonprofits and 4 year colleges, etc.) seemed to be more along the lines of recommendations for the plan and planning process, and were moved under that heading.

### B. Recommendations for plan/planning process

Along with moving many of the sections under this heading, formatting was changed from bold to underlined subsection headings for consistency with other work groups.

### C. Short term projects/programs

Unchanged
