Categories: Public Works

Hi Molly,

Is it possible to attach this to the file for a proposed alley reconstruction that will be on the June 24th PW agenda?

Amanda

Subject: Alley work (ST212080107) & photos

I received a call from Amanda regarding the proposed alley work Bremen & Hadley. She answered my questions and I had mentioned that I did return my card expressing my support for the alley construction. If you did not get my card please let me know. I also mentioned that I had some photos showing the extensive damage and wear in the alley to the point where cars were getting stuck in the ruts in winter. This is common with most of the residents that use that alley. I have attached the photos to this email for reference. As you can see some of the ruts and potholes are about 4-5 inches deep. The wood stick in the photos is 30" wide. The photos are set for viewing resolution. If you would like the higher resolution images for printing please let me know.

Thanks so much and I look forward to hearing back from you!
