Item: 7. 200188 Appointment of Lafayette Crump as the Commissioner of City Development by the Mayor.

eComment: Lafayette Crump is the perfect person for this position. The rare combination of his experience, which includes development and intimate understanding of local ordinances, makes him a unique fit as a replacement for Rocky. Lafayette will undoubtedly provide the city with the expertise needed in furtherance of its development efforts in an equitable manner the likes we have never seen. I look forward to the council making the right decision in appointing him as our next Commissioner of Cory Development.

eComment: Without a doubt, Lafayette Crump will serve the city well. He has demonstrated a commitment to all communities as evidence by his work history, community engagement and solid letters of support from various entities. He understand as Caressa Givens articulated in her letter of support that "segration is about public space....white people don't understand/care that they don't have to see Black Life". He is ready for THE community accountability required as a result of this appointment. His resume is impresssive, inclusive of "inclusive" community engagement.

Item: 7. 200188 Appointment of Lafayette Crump as the Commissioner of City Development by the Mayor.

eComment: I'm honored to publicly support the appointment of Lafayette Crump. Having worked with him in multiple capacities, I can personally attest to his integrity, unshakeable commitment to advocating for vulnerable communities (black and brown Milwaukee), strong critical reasoning, and superb technical process in the areas of management, real estate development, construction, and the law. More than any of these skills, I believe its vital that Mr. Crump's willingness to listen and learn are recognized. These traits are increasingly rare but remain common in the most effective leaders.
