

SIMPLE AMENDMENT
 SUBSTITUTE AMENDMENT
 PROCEDURAL MOTION

MOTION BY ALD. RAINEY

RELATING TO FILE NO. 190828
SUBSTITUTE 3

VERSION:

TITLE: A substitute ordinance relating to the preparation of minority impact statements.

ITEM NUMBER 1

COMMITTEE: Community and Economic Development Committee

MOTION

I move to replace Substitute 3 of Common Council File Number 190828 with the Proposed Substitute, and further move adoption of the resolution as substituted.

ANALYSIS OF MOTION

This motion replaces Substitute 3 of Common Council File Number 190828 with the Proposed Substitute. The Proposed Substitute replaces the term minority impact statement with equity impact statement, and adds 7 common council file types to the list of common council files exempt from submitting Equity Impact Statements. The additional common council files exempted are:

1. A resolution authorizing the return of real estate.
2. A resolution authorizing city sale of neighborhood property (1-4 unit residential) without city funding attached.
3. A resolution granting an easement.
4. A resolution allowing property acquisition and transfer under s. 75.106, Wis. Stats.
5. A resolution or ordinance related to changes to the zoning map or zoning text, and vacations or dedications of public right-of-way, unless an impact statement is requested by the council member representing the district in which the property impacted by the proposed action is located or the chair of the committee that file is assigned to at the time of introduction.
6. A resolution relating to certified survey maps and subdivision plats.

7. A resolution or ordinance approving action for which compliance with local, state or federal laws, including applicable purchasing or bidding requirements precludes consideration of impact on minority communities.
