Subject: RE: BID #8 Petition

Jim,

Thank you for forwarding the petitions received relating to the BID #8 expansion.

These are the same petitions that were delivered to the Planning Department on yesterday prior to the end of the deadline. The Commercial Corridor Team staff has reviewed the petitions and tallied them. According to our calculations, the valid petitions represent far less than the 40% requirements to halt the petition for expansion of the BID. These petitions represent 4% of the assessable value of the properties in the expansion area and 8% of the assessment value. Thus, in both areas they fall far short of the requirements to cease the expansion.

Please let me know if you need anything further from us.

Ken Little
Neighborhood Business Development Manager

Subject: BID #8 Petition

Good Morning,

As I think you all know, the attached petitions were submitted yesterday.

Reviewing the matter with ACA Mckenzie, the issue will be sufficiency. Can you please let me know as soon as is possible if these petitions are sufficient to prevent the Common Council from adopting the annexation resolution? Unlike the somewhat similar zoning provision, it would appear this provision would prevent the Council from even taking up the matter on Tuesday and I need to so inform members.

Thanks always.

Questions, &c., of me, please let me know.

Jim
