To Whom It May Concern:

My name is Farina Brooks and my concern about the budget funding is that \$75 million should be defunded from the police department and put into the very things that is meant to help our community to thrive. The funds should be allocated back into neighborhoods, public health and libraries. With more funds allocated to these things we would be able to use these funds to use them to strengthen our communities. Clearly more policing isn't the answer. Thank you
