December 23, 2009 – Introduced by Senators LASSA, VINEHOUT, LEHMAN and DARLING, cosponsored by Representatives MOLEPSKE JR., SCHNEIDER, BARCA, ZIGMUNT, FRISKE, BERCEAU and ZEPNICK. Referred to Committee on Economic Development.

1 **AN ACT** *to amend* 66.0301 (1) (a); and *to create* 66.1103 (2) (k) 22., 66.1104 and
2 560.033 of the statutes; **relating to:** waiving certain federal bond limitations
3 allocated to cities and counties and requiring the Department of Commerce to
4 develop a system for reallocating the bond limitations to other state and local
5 units of government.

Analysis by the Legislative Reference Bureau

Current federal law, the American Recovery and Reinvestment Act of 2009, authorizes certain local governments to issue several different types of tax-exempt bonds, including recovery zone facility bonds (bonds). The amount of bonds that may be issued is limited. Federal law allocates to counties and to cities with a population of at least 100,000 (local units) the limited amount of bonds that may be issued.

Federal law also authorizes local units to waive their allocation, in which case the state in which the local units are located may reallocate the allocation to other units of government in that state.

This bill waives the allocation to local units in this state and requires the Department of Commerce (DOC) to develop a system to reallocate the allocation. The bill prohibits DOC from reallocating an allocation of the limitation related to bonds that have already been sold by, or that are subject to a sale by, a city or county. The bill also permits DOC to revise a reallocation made under the bill, but prohibits the revision of any reallocation under which the recipient of a reallocation has adopted a resolution authorizing the issuance of a bond. Under the bill other units of

government, including a city, village, town, county; a special purpose district; a state authority, such as the Wisconsin Housing and Economic Development Authority, the Wisconsin Health and Educational Facilities Authority, or the University of Wisconsin Hospitals and Clinics Authority; or a local housing, redevelopment, or community development authority, may apply to issue bonds under the reallocation of the federal bond limitation as established by DOC.

Under current law, a city, village, or town may issue industrial revenue bonds for certain specified projects. The bill adds to the definition of “project” facilities constructed using the proceeds from a recovery zone facilities bond or from a Midwestern disaster area bond (tax-exempt bonds authorized under the federal Heartland Disaster Tax Relief Act of 2008).

Under current law, the state, regional planning commissions, federally recognized Indian tribes and bands, and local units of government, including municipalities, counties, school districts, and other special purpose districts, may enter into intergovernmental cooperation agreements for the receipt or furnishing of services or joint exercise of powers. This bill adds a housing authority, a redevelopment authority, and a community development authority to the list of entities that may enter into such agreements.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.
