Dear Zoning, Neighborhoods & Development Committee:

I am writing to express my company's support of the proposed WoodSpring Suites development in the city of Milwaukee.

Moving forward with this development will directly benefit the business community. It will give businesses like Arandell Corporation a local resource for our clients, vendors, employees, and guests alike. We have many out of state clients and visitors that require lodging for both short and extended visits and the proposed WoodSpring Suites next door from our facility would be a beneficial lodging option.

WoodSpring Suites presents a unique opportunity for the City to provide a newer lodging option that is needed in the area by the community and local businesses. I believe WoodSpring Suites would be a great addition to our community and I urge your support of the development.

Sincerely,

Brad Hoffman
