File Number 201260 contains a substitute resolution authorizing carryover of certain fund balances from 2020 to 2021 in accordance with Section 65.07(1)(p), Wisconsin Statutes.

State statutes permit the carryover of unexpended appropriations from one budget year to the next, up to a maximum of three years following the original appropriation.

Carryover in recent years has been used primarily to provide for (a) budgeted, but uncompleted, projects and (b) planned supplements to program accounts that in effect reduced the level of new appropriations required in the annual budget. The carryovers primarily fund budgeted but uncompleted projects, various outstanding commitments and obligations, and supplements to program accounts assumed in the 2021 budget.

Funds that are carried over within departmental accounts must remain within the department in which they were originally appropriated. Appropriations cannot be transferred between departments.

The recommended list of carryovers is included in Exhibit A. The following highlights some items that may be of particular interest to the Committee's review of this file.

- \$1,000,000 to fund the Community Disparity Study
- \$606,948 to fund Port insurance deductible for flood damage
- \$383,940 to fund the Americans with Disabilities Act Compliance program

- \$100,000 to fund the Reckless Driving Task Force Initiative special fund
