April 26, 2021

Alderman José G. Pérez, Chairman:

Bubl Bikes provides an essential transportation and exercise option for the residents of Milwaukee. Our users come from all zip codes in Milwaukee and our service area continues to expand. Bubl's offices have been located in The Avenue since 2017 and we have watched with excitement as West Wisconsin Avenue has come back to life with the recent reinvestment in The Avenue and the Bradley Symphony Center. The proposed Milwaukee Tool office, literally in Bubl's backyard would be a significant boon to the neighborhood, not to mention a great spot for a Bubl station!

Opportunities to create significant employment concentrations in Milwaukee are all too infrequent. Bubl Bikes encourages Milwaukee Tool's move to downtown Milwaukee and looks forward to serving their employees with our system as a green and sustainable means of frequenting destinations throughout the downtown.

Best Regards,
