Subject: Support for Chief Lipski

Dear Director Todd,

Can you please share the email below with the Commissioners?

Dear Director Todd,

In regards to the FPC agenda tonight, I would like to express my support for Chief Lipski. He has been very thorough and responsive on every issue I have contacted him about and I am greatly appreciative. Earlier this year, there was a rash of fatal fires in my district and Chief Lipski and his team worked closely with me during such a stressful and concerning time; helping me to facilitate a door-to-door smoke alarm installation project in the Clarke Square neighborhood. He made sure that firefighters were available to go out with additional community volunteers, myself and my staff to educate my constituents and provide free smoke alarms to them, as well as installation. The events were very successful and we are planning to schedule additional canvasses.

I think he has done an excellent job since taking over for former Chief Rohlfing, and I feel confident that he will serve this City well if given the permanent position as Chief.
