Tobie:

I have heard nothing further from him about this, so whenever the chairman would like to schedule it is fine with me.

Mike:

On October 9, 2007, you appeared before the committee regarding a junk collector ordinance. It was held so the "city could work with the industry". The ordinance is attached. We would like to move forward on it, so if you could please reiterate your concerns regarding the legislation it would be appreciated. Absent the information we will be moving forward with scheduling the ordinance as currently written.

Thank you.
