Attn: Claims

My name is Jorge Dejesus i was traveling west on piercest in milwaukee, 62 ft from the under pass of 35th st bridge my vehicle struck the manhole cover. When front passenger tire hit manhole cover it came off and my rear passenger wheel hit the hole to sewer system causing a hole in my tire and bent the rim. I reported to police and while waiting for officer I replaced wheel with spare, Officer E.Smith responded to the scene of accident and took my report and i left. While driving south on 37th st I noticed something was wrong with car. I parked called my mechanic to come take a look and we had to get car towed to shop for further inspection. While being inspected mechanic noticed that several parts sustained damage from the impact with manhole. I had mechanic give me estimate on parts and labor and I paid to have my vehicle fixed. Included here is the report from Officer E,Smith and reciept from the work done to vehicle plus information of mechanic incase you need to contact. Thank you,
