

Dear Commissioners,

I'm writing this letter to express my experiences with Sergeant Sharell Edwards.

In 2019, as a new employee, I have the opportunity to meet Sergeant Sharell Edwards. Our first meeting is pleasant and welcoming. She is approachable and attentive. Her leadership was shown since day one that I've been there. She has guided me, motivate and encourages me to perform my duties to the best of my abilities. Her guidance has prompted me to challenge myself to execute my daily tasks efficiently. She motivates me to continue my educations towards my career. The encouragements I've gotten from her are endless with integrity and ethics.

The level of respect I've received as a civilian working under Sergeant Edwards is limitless. My ideas and decisions are valued. My presence is welcomed and acknowledged. My work is value and appreciated.

These are my experiences I have received and I'm thankful for Sergeant Edwards' respect and leadership.

I will like to end this letter with my confidence in Sergeant Sharell Edwards that she has potential and selfless to assist the people around her and the public.

Thank you,
