Hi Chris – Can you please share the following with the taskforce.

Thank you.

Deborah

Hey Aaron,

Welcome to the team!

Can you look into the mission statements from any other taskforces across the country? The thought I was going with is:

Our mission is to find new solutions to provide safe engagement to the public, while utilizing the resources we have to the highest and best use, while building public trust for the residents.

This may be a bit off, but that's what the thought was in creating the taskforce.

Thanks for the assistance,

Chantia
