Dear Sir or Madam,

My name is Ken-David Masur and I am currently serving as the Music Director of the Milwaukee Symphony Orchestra. I am writing on behalf of Christ Church Milwaukee, LLC as they seek approval for rezoning of the building at 1422 N. Vel Phillips Avenue.

I believe strongly that Christ Church Milwaukee has demonstrated a heart and a passion for pursuing the good of the city of Milwaukee since their founding in 2015, something our organization cares deeply about as well. They care deeply about accessibility for all who need community and an opportunity to worship in the heart of a downtown, which is in a very important developmental stage. In my interactions with the leadership of the congregation and with various members of the church, I have been impressed by their sincerity and love for Milwaukee and their desire to bless & strengthen the city and serve her people and institutions. It is my belief that this building and location will only help to further that important cause. Thank you for your attention and consideration.

Sincerely,
