INTENT

Reckless Driving Initiative.

This analysis reflects the division of the question, which separated the proposed funding for the Reckless Driving Initiative by department.

CC Resolution Introduced? Yes No CC File # _____ 210792

BACKGROUND

1. Common Council File Number 180922, adopted on October 16, 2018, approved a Complete Streets Policy to ensure that the public way will be designed, operated and maintained to address accessibility and maximize the safety, comfort and needs of all users, of all ages and abilities.
2. In response to a record number of crashes and fatalities, the Common Council adopted File Number 181420 on January 14, 2019 creating the City-County Reckless Driving and Carjacking Task Force to investigate the issue of carjacking and reckless driving and to make recommendations to reduce carjackings, motor vehicle thefts, and reckless driving incidents and injuries.
3. The task force's recommendations included design changes to roadways, a reduction in speed limits and increased enforcement. The final report of the task force, issued June 7, 2020, is found in Common Council File Number 190063.
4. The Police Department has approximately 65 motorcycles in its fleet. Motorcycles in MPD's fleet are replaced on a cycle of about 6 years. When a new motorcycle is purchased, the old one is used as a trade-in. Removing old motorcycles from service and trading them in reduces the purchase price of new vehicles, maintains a constant fleet size, and minimizes repair costs. With the exception of routine oil changes and similar services, the motorcycle fleet requires very few repairs.
