No pending query consent requests

You have no queries requesting your consent. Once an employer sends you a consent request, check back here to provide or refuse your consent.

If an employer has sent you a consent request and you do not see it listed here, confirm that the employer has entered your CDL information exactly as you entered it in your Clearinghouse profile—this includes any zeros, dashes, or special characters you may have used. If you have confirmed this with the employer and still do not see the pending query consent request, please contact us.
