### Section 3 Success Story – Dahveeay Hill

Dahveeay Hill participated in the Housing Authority of the City of Milwaukee's (HACM) 2018 cohort of the YouthBuild program. The program provides low-income individuals with pathways to education, jobs, entrepreneurship, and other opportunities leading to productive livelihoods and community leadership. During his time in the program, Dahveeay was able to accomplish the following:

- Completed High School
- Obtain Driver's License
- Earn OSHA 10 Certification
- Earn HBI Pre-Apprenticeship Certification
- Complete Asbestos Awareness Training

After completing the YouthBuild program, Dahveeay was hired by HACM's development arm, Travaux, Inc., as a laborer. In this role, he engages in a wide range of work from general site maintenance to patching dry wall and he continues to expand his skill set. This position is exposing Dahveeay to other skilled trades, allowing him to increase his knowledge and helping him explore potential career options. Dahveeay's coworkers are extremely impressed with his work ethic, patience, eagerness to learn, and ability to perform. He's a welcomed addition to the team. In his free time, Dahveeay enjoys playing chess, movie nights with his family, side jobs, and volunteering in his Grandmother's daycare.

The YouthBuild program enables us to develop our own talent, which is proving to very beneficial in Milwaukee's tight labor market for construction.

**"Hard work only pays off when it meets the right plan of action."**
